# Protein cookies and pancakes

A great alternative for those who prefer the usual form, but expect high functionality and benefits from the dessert. The cookies are based on whey protein concentrate and enriched with fiber, which promotes healthy digestion.

Contains no sugar - only safe sweeteners. The dough contains vitamin-rich coconut oil and, depending on the product line, collagen.

In products designed for vegans, whey protein is replaced by pea and pumpkin protein, so the use of such cookies will not only enrich the diet, but also allow to eliminate lactose.
